About Interfaith Ministries Refugee Services

Interfaith Ministries for Greater Houston's Refugee Services department, in conjunction with the U.S. State Department, resettles legal refugees fleeing their homeland in fear of political, social or religious persecution. IM helps refugees from around the world make new lives in America.

Today there are an estimated 13 to 15 million refugees throughout the world, with women and children constituting the majority of these displaced people. Each year, hundreds of these refugee families arrive in Houston through Interfaith Ministries.

Interfaith Ministries for Greater Houston, through its services and support, equips refugees with the tools they need to make a new life, find work, care for their families, and take part in the American dream. Staff works to ensure that every client feels welcomed, is self-sufficient within six months of arrival and becomes a productive member of the Houston community.
