### About Bear Necessities Pediatric Cancer Foundation

Bear Necessities Pediatric Cancer Foundation is a 501(c)(3) organization based in Chicago, Illinois. The organization was founded in 1992 by Kathleen A. Casey and is named in memory of her eight-year-old son, Barrett "Bear" Krupa. Bear was three when he began his long, hard battle with Wilms Tumor, a type of pediatric cancer. That battle lasted five and a half years. During his long stays in the hospital, Bear often expressed more concern for other pediatric cancer patients than he did for himself. Prior to his death on January 9, 1993, Bear and Kathleen discussed and planned the formation of Bear Necessities.

For the past two decades Bear Necessities has been dedicated to eliminating pediatric cancer and to providing hope and support to those who are touched by it. This critical mission is carried out through two unique programs:

- **BEAR DISCOVERIES:** national childhood cancer research (to help find a cure)
- **BEAR HUGS:** customized experiences for children battling cancer and financial support for their families
