**Better Business Bureau Recognizes U.S.E.C. LLC, DBA: US Energy Consultants as the Winner of Distinction Award**

HOUSTON, May 14<sup>th</sup>, 2014 - US Energy Consultants ([www.usecllc.com](http://www.usecllc.com)) received the Distinction Award in the Energy Services, Power Products and Energy Marketers Category at the Better Business Bureau Awards for Excellence luncheon held Wednesday May 7<sup>th</sup>, at the Westin Galleria. This was the third consecutive time USEC was recognized by the BBB for service excellence.

The BBB Awards for Excellence recognizes businesses and non-profits for their achievements and commitment to overall excellence and quality in the workplace. Proceeds from the event help fund the BBB Education Foundation, which educates consumers about scams and fraudulent business practices in the Greater Houston area.

When asked what it means for USEC to receive this recognition, Mikhail Skachko president and chief executive officer of USEC said "It is ingrained into every individual within the USEC team that Customer always comes first, we work hard to make sure that service provided is top notch. This award, that we are honored to receive, may recognize our company for our efforts in providing great service... but this public message is intended to recognize our highly valued customers. Without their business and their support, USEC wouldn't stand a chance in this industry. To our customers, we would like to once again say Thank You for your business, your continued support and all your kind words.

**About US Energy Consultants**

[www.usecllc.com](http://www.usecllc.com)

Founded in 2008, USEC is an independent energy consulting and brokerage firm. USEC works hand in hand with commercial entities by navigating them through the deregulation terrain. We are committed to providing our customers with top notch services be it contract negotiations, energy audit or just 18 holes on the golf course. We believe that our customers are our greatest assets, meeting their needs compels us to communicate, innovate and integrate so that we can become the best energy broker in the market.
